## LOVE AND REFORM

INTERESTING SUNDAY TOPICS  
EXPOUNDED AT CENTRAL  
CHRISTIAN CHURCH

There was "something doing" at Central Christian Church, Sunday, June 22d. The Bible School featured the first of the "surprise Sundays" of the summer campaign. The surprise was that no books were allowed in singing or in Bible reading. It was a sharp test, but the school made good. The morning sermon was on the 13th chapter of 1st Corinthians, the "love chapter." While the discourse was on familiar lines, new lights were thrown upon some of the well-known passages, such as substituting the word "mother" for "charity" in the 4th, 5th, 6th, 7th and 8th verses, which will be found equally true in both renditions. The Endeavor services at 7 o'clock were well attended and were followed by evening worship. The sermon theme was "Ezra, the Social Reformer." After giving a brief history of Ezra's return to Jerusalem from the Babylonian captivity and his uncompromising efforts at reforming his people, the pastor made present day applications. All reformers should have a definite purpose, be absolutely sincere and should never compromise with the evil they seek to overthrow. The "no beer, no work" attitude of union labor leaders does not represent the sentiment of the great body of American workmen, the speaker said, and the assertion that \$80,000 of the boys who went overseas to fight for the right had signed petitions asking for the repeal of National Prohibition was denounced as a slander on our youth. Sweeping reforms are needed yet on many lines, in the opinion of the speaker, particularly in regard to the cigarette habit. Statistics showed an alarming falling away from high school of boys addicted to this habit, due to growing nervousness and inability to concentrate the thoughts. Even the girls are becoming addicted to this habit in some schools and parents should be wide awake to the menace before them. The church people should work a reform in regard to a more faithful observance of the Lord's Day and attendance on public worship.

## M. E. SUNDAY SCHOOL PICNIC

The Sunday School of the First Methodist Church is enjoying its annual picnic this afternoon and evening at Brookside Park. It is in charge of the Brotherhood Class, and those who have not other means of transportation will be conveyed in autos loaned for the purpose. They were to gather at the church at two o'clock. The picnic supper will be served at 6:45 and the afternoon will be given to games, swimming in the pool and such other enjoyments as the picnickers may elect.

## PUBLIC CONSCIENCE

### REV. WILLISFORD COMMENTS ON TELEPHONE STRIKE AND LACK OF MORAL CONCERN

In the Sunday evening service held in the Congregational Church, Rev. E. H. Willisford considered several temporal matters before preaching his brief but eloquent sermon on "The Greatness of Jesus."

In the course of this digression from strictly Bible themes, he referred to labor strikes in general and to the local telephone strike in particular declaring that the thing which shocked him in connection with it was the absence of any social consciousness. The only question in the minds of citizens seemed to be the inconvenience of doing without telephones; they were not particularly concerned about the moral principle involved or about ascertaining whether the girls were right or whether either or both were wrong. "It seemed to me," he said, "that there should be some committee of citizenship which should investigate and speak not only for these two parties, but also for the public at large. I am amazed at the indifference on the part of some of our citizens. I can find no collective consciousness on this question. It seems to me a time has come when there must be a righteous basis on which these things can be judged and settled. We are not prepared to say what the basis should be or what the wage should be. The point is, the lack of moral concern."

Mr. Willisford also referred to the effort which the government is continuing to promote thrift on the part of its people, and the urge to invest in thrift stamps. In the opinion of the preacher the functions of government in looking after the interests

(Continued on Page 3)

## PAJAMAS AND SANDALS

"EN REGLE" COSTUME IN UNCLE  
SAM'S HOSPITAL AT TORRID  
GULFPORT, MISS.

Leslie Tarr, who arrived at home last Friday evening from war service, is in Los Angeles today making arrangements to take up his old job with the Evening Express. He enlisted with the navy in April, 1917, soon after war was declared, though but little past 18. He spent several months in the naval training school at San Diego, then was given a choice of service. He elected to go into a Hospital Corps and after taking the examinations was sent to Gulfport, Miss., in February, 1918, and there he has been ever since till discharged. His work was very strenuous and particularly trying the past few months on account of the intense heat. He said the prevailing costume while at work was pajamas and sandals. The food did not agree with him when it was so hot so he nearly laid off eating and as a consequence he lost more than 20 pounds in weight. The journey home across Louisiana, Texas, New Mexico and Arizona was particularly trying to a man able to eat scarcely anything so when he arrived at home he was nearly "all in." His father says they are feeding him up with good old home grub and he takes to it mightily.

## STORM DRAIN AND DRIVEWAY

The Sycamore Canyon Road extension will soon be commenced, the enabling ordinance having been passed and published. It remains to advertise for bids and let the contract. This is an unusual project, which would not be feasible in a country where the rains are not confined to a few winter months. It means the construction of a broad, concrete street from the outlet of the present Sycamore Canyon road, down the path the waters take in flood times, crossing California avenue, Stanley avenue, Wilson avenue, Broadway, Harvard and Colorado, touching the end of Elm avenue, Chestnut and Eighth streets, crossing Windsor Road and ending at the wash in the southeastern part of the city. It will make a fine driveway whenever not in use as a carrier of flood waters.

## NEW RESIDENTS IN GLENDALE

H. E. Noble and wife are now cosily settled in their recently purchased home at 327 North Jackson street. They came to Glendale three weeks ago from Alva, Oklahoma, accompanied by Mrs. Norris, mother of Mrs. Noble, and Mrs. J. H. McKeever, sister of Mr. Noble. Friday evening Mr. McKeever came, accompanied by H. E. Noble, Jr., who had been attending the Oklahoma State University at Norman. He will probably finish his college course at U. S. C. Mr. and Mrs. McKeever formerly lived in Wichita and Harper Co., Kansas, and are acquainted with the L. A. and A. B. Heacock families, who came from Anthony, Harper Co., and have mutual friends with Rev. C. A. Cole in Wichita. They intend to buy property in Glendale and settle down here for the remainder of their days. Mrs. Norris lived in Montezuma, Iowa, for many years, and later in Wichita, Kansas.

## BEACH PARTY

Mr. and Mrs. D. Ripley Jackson, of East Chestnut street, chaperoned an auto party to Manhattan Beach which included friends, that have recently come to California to live who had never been in salt water before and who while having a royal time were "burned to a crisp" as the captain expressed it. The party included the young people of the Jackson family, Albert, Robert, Francis and Aileen Sullivan, who are new comers residing on Central avenue near Lomita. Jack Alspaugh, Ethel Coddington and Mr. and Mrs. Fraser of Hollywood. They had the good luck to run into a picnic of Japanese merchants who insisted upon making them their guests and entertaining them with watermelon, ice-cream and other delicacies. The captain declares he never saw a more orderly, better managed picnic than was this of the little brown men, and the best part was that before they quitted the beach all the papers and boxes were gathered up and burned and all other trash so disposed of that one never would have known that a picnic had occupied the beach.

## REAL ESTATE TRANSFERS

Recent transactions put through by J. W. Pearson of 109 East Broadway include the sale of a house belonging to Mrs. Helen Sadler at 354 West Elk street and a house belonging to Mrs. J. W. Anderson on Colorado street.

## FURTHER TIME REFUSED THE GERMANS

TOLD THAT TIME FOR DISCUSSION HAS PASSED AND  
THEY MUST SIGN UNCONDITIONALLY

(Special Service to Glendale Evening News)

PARIS, June 23.—The allies have refused to grant the Germans an additional forty-eight hours in which to sign the peace treaty. The limit expires this afternoon at 2 o'clock, New York time.

Answering a note from Gustave Adolph Bauer, the new German chancellor, Premier Clemenceau told the Germans "the time for discussion had passed and Germany must accept the terms without qualifications and without reservation." Bauer's note declined responsibility for what might happen in Poland—"what is bound to happen when the impossibility of carrying out conditions comes up."

Announcement of the refusal to extend the time was made after the meeting of the "Big Four" this morning.

If the Germans sign, President Wilson intends to leave Paris Wednesday night and leave Brest Thursday morning, reaching Hoboken a week later.

## TREATY CALLED A PEACE "OF VIOLENCE"

COMPELLED BY THE EXPIRATION OF THE TIME LIMIT,  
GERMANS NOTIFY ALLIES THEY WILL SIGN

(Special Service to Glendale Evening News)

PARIS, June 23.—Following the meeting of the "Big Four," which began at eleven this morning, it was announced officially that a note had been received from the Germans saying they would sign the treaty. It was also announced that the economic council had decided that as soon as the peace had been signed, all blockade would be lifted including the Russian blockade.

The French foreign office said it would be impossible to complete the arrangements for the actual signing of the treaty before Wednesday.

It was also announced that the note saying the Germans would sign did not indicate whether they would send a new delegation or whether the present delegation would serve. It characterized the treaty as a "peace of violence."

## GOVERNMENT APPOINTMENTS

PRESIDENT WILSON NOMINATES FRANK L. POLK TO BE  
FIRST UNDER-SECRETARY OF STATE

(Special Service to Glendale Evening News)

WASHINGTON, June 23.—President Wilson has nominated Counsellor Frank L. Polk of the State Department to be the First Under-Secretary of State, the office created under the last diplomatic appropriation bill passed by Congress. He has also nominated William E. Gonzales to be Envoy Extraordinary to Peru.

Attorney General Palmer has appointed Frank K. Nebeker of Salt Lake, to be assistant Attorney General. He will handle all work dealing with public lands.

## SINKING OF GERMAN SHIPS CONFIRMED

ADMIRAL VON REUTER WHO ORDERED THE SINKING MAY  
BE TRIED WITH OTHER WAR CRIMINALS

(Special Service to Glendale Evening News)

PARIS, June 23.—The Geneva correspondent of "L'Transatlantique" wired today that the German ships which had not been surrendered to the allies had been sunk at Kiel.

LONDON, June 23.—Admiral von Reuter, who has admitted that he ordered the German fleet sunk, may be tried with other war criminals before the International high court.

## "CARNIVAL OF CRIME" FOR TAFT

EXECUTIVE OF LAW ENFORCEMENT LEAGUE REPORTS  
VIOLATION OF LAW IN BAKERSFIELD AND TAFT

(Special Service to Glendale Evening News)

SAN FRANCISCO, June 23.—E. E. Grant, the executive of the State Law Enforcement League, today reported to the League that he had found flagrant violations of the red light abatement law in Kern county. He mentioned Bakersfield and Taft particularly and said a "veritable carnival of crime and debauchery" is being planned for Taft from the 1st to the 4th of July, and he asked that it be stopped.

## BIG WAR EXPENDITURES IN TWO YEARS

SECRETARY BAKER ANNOUNCES THAT GREATER PART  
WERE SPENT IN UNITED STATES

(Special Service to Glendale Evening News)

WASHINGTON, June 23.—Secretary Baker today told the House committee that the war expenditures between April 6, 1917 and June 1, 1919, totalled \$14,544,600,000. Of this total over twelve billions were spent in the United States and the remainder by Pershing's forces in Europe.

## FROM BANANA LAND

FORMER GLENDALE CITIZEN  
WRITES ABOUT THIS FA-  
VORITE FRUIT

Frank Bradley, eldest son of Mr. and Mrs. W. C. Bradley, of 523 Oak street, who with his wife and little son, Frank, Jr., lived in Glendale for several months in 1915, then moved to Los Angeles and later to New Orleans, where he went to work for his former employer, the United Fruit Co., is back again and apparently settled for life in Honduras.

He went there as a young man when the family lived in Mexico, married a Spanish girl and went to work for the United Fruit Company. When the great war unsettled business conditions so completely, he decided to move to the States and settled down in Glendale with wife and child, to be near his parents. He was a fluent speaker and writer in Spanish and could have held a consular position in some of the small countries where Spanish is the language of state, but he had no "pull," so had to content himself with most any kind of a job the then extremely hard times could furnish. A daughter was born to them in Glendale. Frank now has a responsible position with the United Fruit Co. in Tela, Honduras, helping to get out the immense banana shipments needed to supply the United States and some foreign countries. In a recent letter to his mother he gives some interesting facts concerning their business, as follows:

"Tela, June 9, 1919.

"We have finally had the hot weather broken by rains, the sea breeze is blowing constantly, and the temperature is fine; guess there will be no more uncomfortably hot weather this year. The second day after we had rain, about 5:30, a waterspout came into sight about 10 miles northeast of here, of pretty good dimensions, and was followed later by three smaller ones. They came southwest, and passed here about a quarter of a mile off the end of the wharf, and broke on the beach about two miles west of the hospital, busting up everything within reach where they broke and dropped tons of water. The noise they made when near shore here was so loud it was necessary to shout to anyone close, so they could hear you. There are four ships lying in the harbor, and two more due today and tomorrow. They will be loaded out at rate of one a day, and guess they will load about six ships a week from now on until the end of the season which will be about the middle or last of September, and after that they will only produce half this amount of fruit until the big season starts next year. The night the rains started a hurricane struck the company's properties in Guatemala and blew down a million and a half stems of fruit that would have been shipped in the next three months but for this wind. The wind is about the only serious difficulty that is put up with in the banana business; and every year they have a big loss like this at one or more of their divisions. The only other thing is the banana disease, of which there are two kinds. The Costa Rica division, the largest they have ever had, is nearly finished from the disease, although it took years for the disease to clean them out. They also have the disease here, but it has not taken much of a hold yet, and they are fighting it continually. Yesterday we celebrated our seventh wedding anniversary by having in some callers in the evening and passing round cake and sherbet.

"FRANK."

GLENDALE HIGH SCHOOL GRADUATE WINS OUT

Joe Hawkins, now in the real estate business at 110 South Brand, though still living in Monrovia is quite proud of his son, Walter, a graduate of Glendale High, who made good as a flyer at Kelly Field, Houston, Texas, but never got to go across. He is now working at the De Mille Aviation Field, Hollywood, as mechanician, and he had the honor of designing and building the "Honeymoon Special" aeroplane, which so delights air passengers.

CARD CLUB ENTERTAINED

The Twelve Saints Card Club was entertained on Saturday evening by Mr. and Mrs. W. L. Truitt of 310 N. Cedar street. Those present beside host and hostess were Mr. and Mrs. Herman W. Paine, Mr. and Mrs. A. W. Beach, Mr. and Mrs. C. U. Mandis and Mr. and Mrs. D. H. Smith of Glendale, also Mr. and Mrs. R. L. Hinckley of Hollywood. Five hundred was played and some astonishing scores were made by Mrs. Beach and Mrs. Hinckley.

## RICKENBACKER PICNIC

MANY ELKS FROM GLENDALE'S LODGE ATTENDED FUNCTION  
HONORING GREAT ACE

About seventy-five members of the Glendale Elks' Lodge attended the big picnic in honor of Eddie Rickenbacker, the great American ace, held at Hollingsworth Park, Sunday, and formed a part of the three thousand or more Elks who assembled for the barbecue dinner and the festivities in connection therewith. As each one went on his own initiative it is impossible to name them, but the delegation included Dr. Steelman, Geo. Paine, Judge Miller, Francis Gilman and C. D. Shattuck.

The returns from the dinner at \$1.00 per plate all go to the Elks' Christmas fund for widows and orphans.

The after-dinner program included the raising of the flag and the presentation to the guest of honor of a life membership in Lodge 99, a gold tablet being substituted for the usual card. The tablet was engraved with the emblems of the order and with the spread wings emblematic of the aviation service in which he distinguished himself. This part of the design was of platinum inlaid and set with diamonds.

The picnic was broken up about three o'clock in the afternoon by a mountain fire which destroyed one automobile and damaged others, and which would have caused terrible loss had not the able-bodied men in the big audience organized to fight it. When it was extinguished everybody felt like going home. Hollingsworth is in a kind of pocket on the edge of Griffith Park, and is a bad place for a fire to start. Had it gained headway and destroyed the hundreds of machines parked there, the loss would have run into the million dollar mark.

By way of explanation of the initiation of Rickenbacker by the Glendale Lodge it is said that his initiation in Lodge 99, which holds its regular meetings the latter part of the week, was set when his unexpected call came to leave for France. As he and the lodge were desirous that he should go as a fully accredited Elk, the Glendale Lodge, which meets Mondays, was appealed to and promptly responded by initiating him for Lodge 99.

Big doings are on the program for tonight at the local lodge. About ten new members are to be initiated. Delegations from San Bernardino and other lodges will be in attendance and the ceremonials will be followed by high jinks and a banquet.

## PENNSYLVANIA VISITORS

The Lutheran Sunday School and congregation were greatly surprised on this last Sunday morning to find four stalwart men visitors from Pennsylvania among their number. They are tourists belonging to the Rotary Club. They were Ed. M. Wolfe of Gettysburg, John. R. Bittinger, Geo. Hull and D. A. Bollinger, from Hanover, near the City of York. These men are all retired and well-to-do merchants in their respective towns. Mr. Wolfe is an old friend of Rev. and Mrs. Mottern and Mr. and Mrs. Geo. Daugherty. These Christian gentlemen are all prominent members of the church in their respective towns. While on this visit they were the Sunday guests of the Mottern and Daugherty families. The latter family entertained at noon with a bountiful dinner in honor of these guests and old friends. The afternoon was spent in reminiscences of Gettysburg, the town of the great battlefield, and surrounding country. Church work and church life here in comparison with that of the old home towns was a prominent feature of conversation. Mrs. Mottern and Mr. and Mrs. Daugherty being natives of Gettysburg, news directly by these visitors from that town and vicinity was almost like being there themselves. The pleasant memory of the visit of these Eastern friends will linger long.

## TEACHERS' BANQUET

Teachers of the Cerritos School enjoyed a bang-up banquet served in the library of the school last Friday by Mrs. Searle, who acted as chef. The menu included fried chicken, ice-cream, French pastry and other luxuries and was followed by an informal program of speeches and toasts. Unique place cards were prepared by Miss Ball and it was an exceedingly pleasant function attended by all the teachers of the staff except Mrs. Curtis. To Mr. Harwood, principal, was delegated the pleasant task of presenting to Mrs. Searle a casserole and handsome coffee percolator as a testimonial of regard and efficiency.

WEATHER FORECAST—Fair.

## A VERY TIMELY SUGGESTION

Governor Frank O. Lowden of Illinois, in an address to the graduating class of Northwestern University, Evanston, made the following pertinent suggestions to managers of educational institutions that all would do well to heed in these perilous times:

If the college professors believe that socialism, as interpreted by Lenin and Trotzky, is beneficent philosophy of government, no one can deprive them of that belief. Those responsible, however, for the management of an educational institution have also certain rights. Among them is the right to expel such professor from their midst. Of course, teachers must be given the fullest freedom to express their convictions.

If, however, they are so unfortunate as to have convictions which are immoral, which are opposed to the very fundamental principles of our institutions that is sufficient reason for denying them an opportunity to express anything in the college. Of course, a teacher, to do his best work, must be free to express and express fully, his innermost convictions. If, however, his convictions are unsound or immoral, the management of an educational institution should be free also to relieve the teacher of further duty. If the teacher believes that marriage is an institution which does violence to the soul's right to its fullest and freest expression—whatever that may mean—he is entitled to that belief. Some freedom, however, is still permitted to the responsible management of the institution. That management is well within its right when it invites such professor to resign his place and to go off into the wilderness somewhere where his soul can find its most desired true expression without doing injury to civilization.

## CONGRESS SHOULD MEET EARLIER

Nearly everybody recognizes the absurdity of a system which postpones the assembling of congress until thirteen months after election, and which, therefore, makes it necessary to call an "extra session" at a time like this, when there is a legislative emergency. There has long been a demand for a change that would enable the nation to get quicker action on an election, setting a new congress to work before the impetus that chose it has died out.

There is a measure now proposed to accomplish this reform. It would provide for the first meeting of a new congress on March 5, following its election, instead of waiting until the first Monday in December. Congress itself has power to make the change, and it is expected that it will be taken up soon in the special session.

It might be well to go still further. Why should any congressman who is defeated early in November continue in office longer than the end of the year? And why should not the new congressmen-elect assume their duties immediately after the Christmas holidays? The date of presidential inaugurations might be changed likewise, making everything start the first of the year. State governments have found this a good system. Why would it not be equally good for the national government?—Santa Ana Register.

## RUSSIA'S GREAT HOPE LIES IN HER PEASANTRY

The great hope for Russia lies in its peasantry. The land owning aristocracy played the German game until it was too late to save themselves, and like any class which places its own preservation above the salvation of the state it fell with but few mourners. The other division of the propertied classes, which for convenience may be termed industrials, came from the Baltic provinces and almost without exception were of German descent. These were the grafters and leeches on the body politic who for hundreds of years kept Russian officialdom in bad odor with decent civilization. It can be stated fairly that the land owning class of purely Russian blood stood apart from these German looters, but little respect can be entertained for people who would not soil their aristocratic hands in the unpleasant work of cleaning up their own country. Another distinct class was composed of the industrial and city workers. Of mongrel blood and partially educated they slaved for their German masters until the time came for them to be used in the greatest betrayal of profane history. The betrayal once accomplished these tools ran amuck and we are now witnessing the looting and strangulation of a great country by a proportion of its inhabitants not much larger than the aristocracy which misruled it for a thousand years.

Inarticulate but enormously greater in numbers than any of the above classes stand the Russian peasantry. Clever morally and physically competent, the Russian peasant has great native intelligence. He can be reached, however, only by word of mouth propaganda until some method can be devised for his education. In the meantime we must not forget that the Russian peasant is worthy of our support, and if means can be found to reach him we will respond to our endeavors to help him. He is not a degenerate, but a white man who has been shamefully abused by those who should have educated and protected him and his ultimate share in a better civilization ought to be assured.—Sacramento Union.

## WHAT ARE YOU GOING TO LEAVE YOUR CHILDREN?

World progress is based upon the aspirations of individuals. The generation which does not record some progress over the preceding one fails in the test. Parents, to this end, are imbued with desire to provide blessings for their children which were denied them. The desire takes different forms of expression, even in the same environment.

We know a man whose life has been a veritable struggle for an existence. His greatest hope in life is to gather enough of the world's goods to save his children from the attending hardships of this struggle. In spite of this man's fight for the necessities of life, he has always enjoyed good health. His neighbor has always enjoyed comfortable circumstances, but the doctor has been contin-

## When Mother Baked Her Own Bread

About the only joy she got out of the operation was the relish with which the family consumed it. Bread as good as ours relieves her of all the work and she derives the same benefit of family approval.

No mother ever made bread better or more nourishing than this, with the well browned, crisp, crackly crust, and tasty, appetizing body. Our bread fresh from the oven every forty minutes.

## Why Are We Crowded?

There is a good reason. Come and be convinced. You will like our place—and the bakery goods, too.

ually on the doorstep. His particular hope for his children is sound, strong bodies to baffle any struggle that life may present.

Success and happiness are lured but never held by the dollar mark. Contentment, which is the substantial foundation of happiness, admits of no alliance with the dollar. Sometimes you find the two together, but more often you find them plodding their separate ways alone. Parents must bear these facts in mind as they formulate their plans for legacies for their children, if they must build on substantial lines.

In American life we have too many evidences of the failure of the legacy of riches. Often we have seen it develop spendthrifts, with attending dissipation and the ultimate undermining of health. The final result has not been progress, but deterioration if not extinction of the family involved. The man who builds to a legacy of health for his children works on more substantial lines. If he leaves his children with this possession, neither he nor his family has lost the battle with life. He has left the basis of happiness and inspiration from which all lasting progress springs. What are you going to leave your children?—Salt Lake Herald.

## SEARCH WARRANTS UNDER PROHIBITION

## PENALTIES FOR VIOLATION OF PROHIBITION LAW MODIFIED BY JUDICIARY COMMITTEE

(Special Service to Glendale Evening News)

WASHINGTON, July 23.—The House Judiciary committee has rejected the measure providing for the indiscriminate search of private homes for intoxicating liquors. The measure would have permitted any officer to make a search on affidavits made by two persons that they believed liquor could be found. The committee substituted a measure confining the search to the limitations of usual search warrant procedure. They eliminated minimum penalty for violation of the prohibition act, which has been thirty days in jail and a \$500 fine, and made the maximum sentence \$1000 fine and one year's imprisonment.

## FIFTY DEAD AT FERGUS FALLS

ST. PAUL, June 23.—Adjutant General Rhinow, who reached Fergus Falls, Minn., this morning, has announced that he found approximately fifty had been killed in last night's tornado which swept that section.

## PUBLIC CONSCIENCE

(Continued from Page One)  
of the American people have been greatly broadened by the war and that hereafter our citizenship will be instructed, admonished and guided in many things. He read from a letter issued by the Secretary of the Treasury urging the buying of thrift stamps as a perfectly safe investment and then took occasion to sound the note of warning against the crop of get-rich-schemes which have sprung up since the war ended and which are promising impossible dividends that ought in themselves to be a warning.

He referred also to another campaign inaugurated to preserve citizenship by education and admonition about the exercise of due care and caution to avoid accident. He quoted the Vassar girl who, when asked what was the first law of nature, replied: "Safety First," and referred to one industrial concern where employees had been organized to exercise care in avoiding hazards, which care, it was estimated would prevent 1000 accidents. By forethought on the part of labor and the installing of safety devices, accidents in a number of big establishments have been cut 25 to 50 per cent., which means not only maintenance of a high standard of efficiency and the saving of money, but the saving also of much needless suffering, for which money cannot compensate.

Recorder.

## Personals

Frank Salter and family of 416 North Jackson street have gone to Santa Monica to spend a month.

E. F. Richmann has returned to his Verdugo Canyon home after a residence of three years in Los Angeles.

Miss Hilda Englehart and Steve Zeigler, both of Brawley, Cal., were guests at the Imler home (Palm Villa) last week.

Dr. and Mrs. George Bahrenburg of Bakersfield motored south and spent several days last week with Mrs. Alice G. Bahrenburg of 348 West Park avenue.

W. A. Hough of 316 West Garfield avenue has gone East on a three-months pleasure trip, which will take him to the Atlantic coast and to points in the middle west.

Mr. and Mrs. John Robert White and family have taken a house on the high ground at Hermosa Beach. They will leave for the seaside the first of the month and spend the summer there.

Tom Stephens, who formerly lived in La Crescenta and who has many friends in Glendale, is back from Arizona and is looking around for an opening in California, which he prefers to Arizona.

Earl Bryant of 361 Vine St. went to San Francisco to take up his new and enlarged work with the Miller Rubber Company. Mrs. Bryant and the little daughter will remain in Glendale for the summer.

A. M. Salyer and son, Frank, returned home Saturday from a two-weeks' outing in Hemet, Elsinore and Relief Hot Springs. They combined business with pleasure and sold several pianos and other musical instruments.

Marshall Pearson, of 722 East Lomita avenue, one of the seniors just graduated from Union High, leaves today for Arizona, where he will be employed by a commission company in the handling of the cantaloupe crop for six weeks or more at a fine salary.

Mr. and Mrs. E. L. Wilson of 1217 South Maryland avenue are trying to select a name good enough for their little daughter born two weeks ago. She is a fine girl and deserving of the best that's to be had in the way of a name. She has a three-year-old brother John.

A. A. Baird of the Glendale Pharmacy is getting ready to go to housekeeping again. He bought the Breneman place, 420 Milford, a few days ago, and his furniture has just arrived. Better than all, his wife wrote him that she starts down from Oakland tomorrow, so they will soon be comfortably settled.

Pierson Hanning of 451 Hawthorne leaves this evening, over the S. P., for Hutchinson, Kansas. He will go by way of San Francisco. Hutchinson is his old home, which he has not visited in several years, and he expects to spend several weeks in renewing old friendships while visiting the family home.

E. B. Moore of South Maryland avenue, his children and their grandmother, Mrs. Pennyman, motored to Pasadena Sunday and spent a pleasant and cool afternoon riding about. Mrs. Moore returned from Uplands this morning and reports that it is much hotter there than here.

Mr. Muller of 368 Salem street, who has been constructing a motor boat, on Saturday took it to San Pedro and launched it. To his great satisfaction it ran beautifully. Sunday the members of his family joined him there and spent a very pleasant day on the water.

Mr. and Mrs. Mattison B. Jones and family will leave about the first of the month to take possession of their cottage at Hermosa Beach, where they will spend the summer. Both feel the need of rest after a strenuous life. A year ago Mr. Jones had to spend much time in Glendale in conference with members of the Exemption Board, and Mrs. Jones was taxed with war work in connection with the District Federation of Women's Clubs. They hope to have a lazy summer this year.

Dr. and Mrs. Colin Cable of Columbus avenue entertained a few friends one evening last week in honor of their relatives and house guests, Mrs. E. R. Callender and daughter Louise of Kansas City. The evening was devoted to bridge and the guests present were: Mr. and Mrs. Charles M. Turck, Mr. and Mrs. Edmund Shank, Mr. and Mrs. H. H. Faries, Mr. and Mrs. LeRoy Bosselman, Mrs. Rodgers and Miss Yates. Mrs. Callender and her daughter will spend several days in Long Beach the coming week.

Stanley and Miss Elizabeth Berkley of Buena Park spent Sunday with their aunt, Mrs. A. W. Huskins, 417 Ivy street.

Mr. and Mrs. John A. Lundy of Hollywood were Sunday guests of Mr. and Mrs. C. D. Shattuck of 114 West Broadway.

W. H. Harrison of 204 East Cypress avenue spent a portion of last week with his son and grandchildren at Long Beach.

Mrs. Charles Hoxie and Miss Faney Allen of Hollywood were luncheon guests Friday of Mrs. Volney Philip of Orange street.

Misses Garnet and Fern Peters gave a party to several of their young associates in the new home at 209 North Orange, Saturday evening.

Mrs. Gray and her sixth grade pupils one afternoon last week entertained the other teachers of the Ceritos School with a picnic on the school grounds. It was a very much enjoyed function.

Warren Baldwin, nephew of Mrs. William Stratton Porter of 923 North Brand boulevard, who makes his home with her, has gone to the Santa Cruz Mountains to spend the summer vacation. He will return in the fall for his Junior year in Glendale Union High.

H. L. Miller of the H. L. Miller Co. has bought the Harvard apartments on Hawthorne street. Mr. Miller says he bought strictly for an investment, as it is close in and always rented. The consideration was \$10,000. Mrs. A. F. Hoch, the seller, will move to Los Angeles and go into business there.

Mr. and Mrs. Harry Thimm of 351 Salem street, their daughter, Jane, Mrs. Davis of Indiana, sister of Mrs. Thimm, and her two children who are spending the summer with the Thimms, and another sister, Miss Maud Adamson, of Los Angeles, are spending a week at San Diego and adjacent points. They left here Sunday morning.

Members of the Foothill Club were beautifully entertained Friday afternoon by Mrs. W. E. Hewett, whose home at 1028 North Louise street was charmingly decorated with green and white flowers in honor of the club. During a brief business session a few business matters were disposed of and three new members were admitted, completing the roster of the club which is 24. On account of the warmth of the afternoon the customary sewing was dispensed with and a social hour was enjoyed.

## GOING EAST TODAY

Mrs. R. W. Mottern, wife of Rev. Mottern, pastor of the Lutheran Church of Glendale, in company with Miss Julia Coggeshall, of Bristol, Rhode Island, leaves this morning at 10 o'clock over the Santa Fe for an Eastern trip of two months during which she will visit friends in Gettysburg, Harrisburg, Philadelphia, Reading and Lancaster, Penn., and Danville, West Va.

## HER FIFTH BIRTHDAY

Twenty little girls will be entertained this afternoon at the home of Mr. and Mrs. Glen Craig, 316 West Garfield Ave., in celebration of the birthday of their daughter, Mary Pauline. A fine program of games has been arranged by way of entertainment and the party refreshments will include a beautiful birthday cake with the requisite number of candles upon it.

## BOY COMES TO HARWOOD HOME

Ernest E. Harwood, principal of the Cerritos School, and Mrs. Harwood have welcomed a ten-pound boy arriving Sunday morning in the wee small hours. He is their third child and second son. His name will be Palmer with a middle name to be supplied by his Grandfather Harwood.

## DISTRICT SCHOOL MEETING

Voters are urged not to forget the district school meeting at the Intermediate School this evening to instruct the School Trustees relative to a bond election to provide funds for the Broadway School building and other district school needs.

## NEW WINDOW OVEN

Henry Walsma, proprietor of the Broadway Bakery, is delighted with his new window oven, which has pleased watchers almost constantly. It is a continuous demonstration of the cleanliness and scrupulous attention to sanitary requirements, and people enjoy seeing just how their favorite loaf is baked. There has already been a large increase in his trade, Mr. Walsma says.

## THE MATTISON B. JONES FAMILY

Mrs. Mattison B. Jones, of this city, was a guest and had a place on the program at the reciprocity luncheon given Friday, June 20th, by the San Fernando Ebell Club and the Pacoima Woman's Club at the home of Mrs. George H. Rogers, San Fernando. It was a quite elaborate affair, the house being beautifully decorated in deference to the Ebell colors with Shasta daisies and other flowers consistent with the color scheme. About fifty ladies were entertained, the menu including fricassee chicken and the proper accessories, with a dessert of ice-cream, home-made cake and after-dinner coffee. It was followed by a program of toasts, Mrs. Thomas J. Walker, president of the San Fernando Ebell Club, acting as toastmistress, and introducing Mrs. Frank Lewis, president of the Pacoima Woman's Club, who led the roll call, the responses being answers to the question, "How Can Women Improve Themselves?" Then there were clever toasts grouped under the title, "The Seven Ages of Women," as follows: Crib-age, Mrs. Mary Griswold; Cab-age, Mrs. A. D. Thacker; Miss-age, Mrs. Francis M. Clark; Man-age, Mrs. Frank D. Lewis; Club-age, Mrs. Ralph H. Thompson; Pill-age, Mrs. Arthur G. Munn; Dote-age, Mrs. Luther Biggers. The two addresses of the afternoon were made by Mrs. Mattison B. Jones, ex-President, and Mrs. Sidney T. Exley, president-elect of the District Federation of Women's Clubs, and there were some excellent musical numbers.

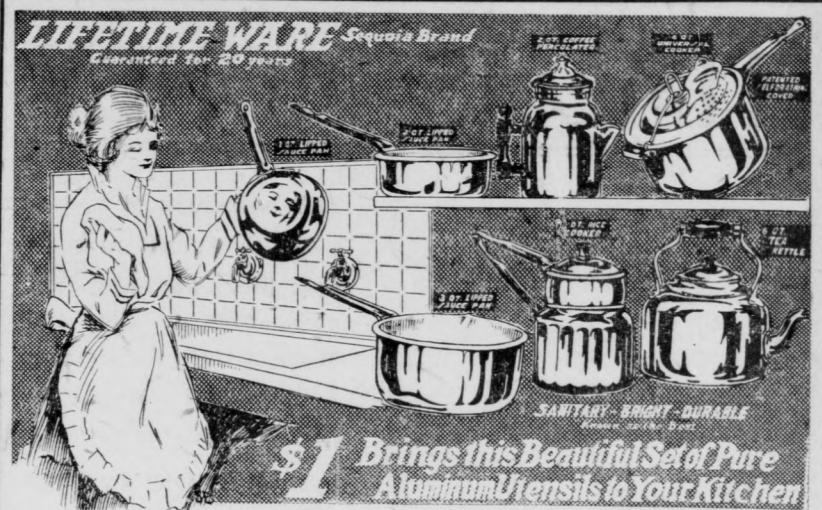

Mrs. Jones is disappointed because she will be unable to attend the luncheon of the Tuesday Afternoon Club of Glendale on account of having to accompany Mr. Jones to Redlands where he will officiate as president of the University of Redlands, at the graduation exercises, and where there will be a special celebration of the securing of a large endowment fund. Monday evening the students will give an opera or an out-of-door stage in a natural amphitheatre.

Miss Winifred Jones was graduated last week from Marlborough and the week was quite a whirl of gaiety with luncheons and parties. Saturday she was a guest at a tea given by Miss Ruth Mable of Los Angeles.

### PRINCE OF WALES IS NOW OF AGE

(By United Press)

LONDON, June 23.—The Prince of Wales celebrates his twenty-fifth birthday today, and in honor of the event, artillery salutes were fired at noon in St. James' Park, London, the Long Walk, Windsor, and at all naval and military stations. Flags were flown on government buildings, and at the naval ports the warships "dressed ships."

The Prince was the recipient of

many unofficial congratulations, evidencing the personal esteem in which the heir to the throne is held by the public and was boisterously saluted whenever he was recognized.

### STATE NEWS

(By United Press)

SAN FRANCISCO, June 23.—Approximately 305,000 employees of railroads in the central western division are exerting every effort to make this week a real "no accident week." Moving pictures, rallies, bulletins and personal appeals will be used in getting over the idea of "watch your step" in the railroad service this week.

SAN FRANCISCO, June 23.—European crowds may totter and be relegated to the junk man, but American crowds will remain with us, if the tea-hunting in the classes of the California State Dental Association meeting here this week, is of any avail. The classes or post-graduate work is being held by the teeth-pullers in connection with their forty-sixth annual meeting here this week. The association will be officially opened Thursday.

REDWOOD CITY, Cal., June 23.—Charged with the murder of Inez Elizabeth Reed, an army nurse, on March 6th last, Dr. Ephriam Northcott, of San Francisco, faced trial here today in Superior Judge George H. Buck's court. Northcott is charged with performing an illegal operation on Miss Reed which resulted in her death. It is also alleged that he was a party in the throwing of the body into a gulch near the lonely Crystal Springs road of San Mateo. The body was discovered on March 8th.

MADERA, Cal., June 23.—Prices for peaches this season will be even higher than last year, notwithstanding there is every prospect for the largest crop in the history of the industry, according to J. F. Niswander, general manager of the California Peach Growers' Association. The payment for the last crop which was on a basis of 11 cents average, was the highest price paid for peaches in 15 years. The opening price of the association will be named, very likely, soon, said Niswander. The final settlement of the association amounted to more than \$900,000, according to the annual meeting announcement. This settlement was made on prices paid the growers from 10 1/2 to 11 1/2 cents.

Another factory which was built at a cost of \$83,500 was closed and used as a store eight months after it was built.

One of the staff was engaged at a salary of \$10,000 a year and got \$8,000 to erect produced only \$80,000 worth of material.

That a factory which cost \$9,500,

### AVIATION STUNTS FOR CONEY ISLAND

(By United Press)

LONDON. (By Mail).—"Shooting the chutes" and "Roller coasters" are "hasbeens."

Civilian aviation firms here are out with the latest thrillers and it is expected Americans will soon follow.

The thrillers consist of flights divided into seven kinds, as follows:

The Spiral at \$5 a trip, in addition to the regular "fare" of \$10; the Roll, which is a series of slight dips, at \$2.50; the Grand Roll, a series of larger dips, at \$5; looping the loop, at \$10; the Falling Leaf, at \$5; the Stalling, at \$5; and a plain, old-fashioned flight, at \$5.

The falling leaf is considered the best thriller. It consists of running the plane at full speed and then tilting the machine on one of its wings until it begins to fall sideways with the lower wing pointing to the ground. Then the pilot swings the plane over on its other side. The thriller ends with a nose-dive landing.

Easter, crowds stood waiting their turn to get a thrill.

In addition to the above thrillers there is a thriller for children. It is called the "Little Roll" which consists of a series of very slight dips at a low height.

Advertise it, or advertise for it in the Evening News.

### MONEY WASTED BY BRITISH WAR LORDS

(By United Press)

LONDON. (By Mail).—Taxpayers here are gnashing their teeth at the way their good money has been wasted.

The comptroller and auditor general of government expenditure has just published his report on the accounts of the Ministry of Munitions for the past year. His accounts show:

That a factory which cost \$9,500,

000 to erect produced only \$80,000 worth of material.

Another factory which was built at a cost of \$83,500 was closed and used as a store eight months after it was built.

One of the staff was engaged at a salary of \$10,000 a year and got \$8,

000 for four months part-time service.

An escape of poison gas cost the taxpayers \$1,250,000, owing to the taxpayer \$1,250,000, owing to the fact that one set of wiseacres started to make the gas before another set had approved of it. The difference of opinion merely landed the taxpayer into a loss.

Thousands of dollars were spent in the erection of camps which were never used.

In some instances contractors were paid compensation by way of apology for the fact that the Ministry, after placing the contract, changed its mind.

### FORGIVE AND FORGET

There's sunshine and storm as we travel along.

Through life's journey wherever we be;

And it's wiser to lighten your heart with a song.

Than to fret at what fate may decree;

You'll find good and bad among the folk that you meet

And form friendships maybe you'll regret;

But the same may deceive and lay snares for your feet

Pass them by,—and forgive and forget.

I have preached this doctrine for many long years, in fond hopes it might bring some relief.

And cause some to smile, who have long been in tears.

And have spent their days nursing their grief;

Be upright and honest, in all that you do,

And you'll find by the example you set,

You'll lighten and brighten the world you go through

If life's ills you forgive and forget.

—Frank Booth.  
318 E. Broadway, Glendale, Cal.  
June 23, '19.

### SOLDIERS ASK DIVORCE

(By United Press)

LONDON. (By Mail).—London's divorce season was in full blast today. Over a thousand cases were listed for hearing and of these nearly seven hundred were uncontested. The majority of the uncontested suits were brought by men, a considerable number of whom are ex-soldiers.
